Toro Irrigation TMC-212 Modular Controller

Outdoor Model

The TMC-212 Series controller is based on the popular GreenKeeper® 212 Series. It offers the ultimate in flexibility and a variety of enhancements based on customer feedback. With both indoor and outdoor models controlling 2 to 12 zones, TMC-212 provides the flexibility, simplicity and reliability that the current irrigation market requires.

Key Product Enhancements

(TMC-212 has the following extra features to GreenKeeper® 212).

- Programmable pump start delay, by program.
- Pump start delay from 2 to 60 seconds.
- Master valve on/off by program.
- Programmable master valve.
- Day exclusion (remove a day from standard program).
- Non-volatile memory (no battery required).
- Electronic short detection (for easier troubleshooting).
- Compatible with all N.C. or N.O. rain sensors.
- New styling - suit family concept with DDC, DDCWP and TMC-424.
- High surge modules (optional).

Standard Features

- 2 to 12 stations, expandable with 2 station modules (base model offered with 4 stations).
- Station modules are backward and forward compatible with Toro's GreenKeeper 212 modular controller.
- 3 fully independent, stacking irrigation programs; any station can be assigned to any program.
- 4 start times per program.
- Station run times from 1 minute to 4 hours, in 1 minute increments.
- 365 day calendar with true odd or even day watering schedule.
- 12 / 24 hour real time clock.
- 7 day calendar or interval watering cycle; independent by program.
- Rain delay setting from 1-7 days, minimises water waste.
- Independent Season Adjust setting by program, from 10% to 200%, in 10% increments.
- Large, clear display and icons for easy programming and operation.
- Screwless wire terminal for easy cable installations.
- Extended 3 year warranty.
- Clear Memory feature (resets defaults or clears values by program) for simple operation.
- Professional, UV-resistant cabinet.
- Vandal-resistant, lockable outdoor model available.
- Convenient remote capability available for easy installation and servicing.
