

LANDLINE 8 (MINISCAPE)

HEAVY WALL, NON PRESSURE COMPENSATING 8mm BROWN DRIPPERLINE

APPLICATIONS

- Domestic landscapes, small garden areas, raised garden beds, planter boxes and potted plants

FEATURES AND BENEFITS

- Patented TurboNet™ Dripper Technology
- Large centrally located dripper inlet filter
- UV resistant brown dripperline
- Flexible - easy to use in difficult areas
- High water efficiency
- Approved by the Smart WaterMark™

SPECIFICATIONS

- Non pressure compensated (Non PC) dripperline
- 2.0 l/h Drip Discharge Rate (at 100kPa)
- Recommended filtration: 120 mesh (130 micron)
- Coil Length: 50m, 100m, 200m

DRIPPER TECHNICAL DATA

INSIDE DIAMETER (MM)	OUTSIDE DIAMETER (MM)	DRIPPER FLOW RATE (L/H)	DRIPPER SPACING (M)	PRESSURE RANGE (kPa)	COIL LENGTH (M)
6.4	8.0	2.0	0.15 & 0.30	40 - 300	50, 100 & 200

TECHNICAL DATA

Landline 8 1.9 L/hr Maximum run length (m) at 100 kPa on flat ground (based on 5% flow variation)

NOMINAL FLOW RATE (L/H)	100 kPa	150 kPa	200 kPa	250 kPa
0.15m	8	8	8	8
0.30m	14	15	15	15

SUITABLE FITTINGS

SAP	DESCRIPTION	SAP	DESCRIPTION
32500-001100	8mm Take-off/Joiner - Red	32500-002000	8mm Take-off/Joiner - Brown
32500-001900	8mm Elbow	32500-002150	8mm Stake
32500-002100	8mm Tee	71860-005900	Professional Punch Tool
